Reference: Recognizing accounting fraud

Dear Governor of Virginia candidates:

Please tell me your position on the accounting fraud described at
<http://www.judgesfairfaxcounty.com>.

As Governor, would you:

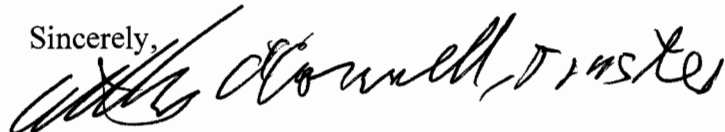

- Make government accountable? Take accountable positions that all concerned can rely upon?
- Have the Virginia Board of Accountancy (boa@boa.virginia.gov) who licenses CPA's, and the Virginia Bar (mccauley@vsb.org) who licenses attorneys, find the CPA Joanne Barnes and the Attorney Edward White and ask them to expose and explain their accounting trails for our Mother's estate at Book467page191 in the public record? Where did the money go? And have them remove their controlling accounting entanglements?
- Connect the dot for this account being concealed for twenty years, with the dot for killing the messenger who has been trying to expose it, with the dot for judgments made without looking at the evidence? The evidence is in exposing this account.
- Have a just power personally visit our trusting sister Jean Nader at 350 Fourth Avenue, New Kensington, Pennsylvania 15068, and tell her and protect her, until she understands, and feels safe and is safe, that the accountants are manipulating her? This is pivotal.

- Ask the Director of Tax Administration for Fairfax County (kevin.greenlief@fairfaxcounty.gov) why (1) he does not recognize the Trust documents, such as the deed at book8307page1446, (2) why he had the lien for back taxes on the trust property in Fairfax County sent to Highland County, (3) how he arrived at the lien figure of \$27,669.42, and (4) what is his lien against?
- Ask State Senator Creigh Deeds, who represents Highland County, if he knows what this lien is against?
- Ask the Chief Judge for Fairfax County what the issue is in "In Re: Harold A. O'Connell". This reference appears on the Summons, the Notice to appear in Court, and the Order to appear in Court that I was sent after posting my web site <http://www.canweconnectthedots.com>. I do not know what the issue is and I could not get an answer.
- Ask why no one recognizes the accounting trail $1,475.97 - 816.00 = 659.97$, or any trail for these numbers. Please see the enclosure "blueprint".

Is there some way to expose this account without the accountants using innocent members of the Court and our family to put attempts at exposure in conflict with the Court and our family? Would Attorney General Cuccinelli's book "The Last Line of Defense" apply here? Our Mother did not want her assets to disappear or her family torn apart to cover it.

Why not tell the past and present clients of the CPA Joanne Barnes and the Attorney Edward White how this works? I wish someone had told our family.

Sincerely,

Anthony O'Connell, Trustee

(Attorney Edward White's letter of May 19, 1992, frames the Trustee for the accounting entanglements the CPA Joanne Barnes created.)

Re: Estate of Jean M. O'Connell

Dear Mr. O'Connell,

In your letter of May 6 to Jean you asked that I communicate with you with regard to the Harold O'Connell Trust.

I am trying to prepare the estate tax, and as usual in these cases, there are problems trying to understand the flow of debts and income.

I do have a few questions which are put forward simply so that the figures on the Trust's tax returns and accounting will agree with the estate's.

1. The K-1 filed by the Trust for 1991 showed income to your mother of \$41,446.00. The Seventh Accounting appears to show a disbursement to her of \$40,000.00 plus first half realty taxes paid by the trust for her and thus a disbursement to her of \$1794.89. If these two disbursements are added the sum is \$41,794.89. This leaves \$348.89 which I cannot figure out. It could well be a disbursement of principal and not taxable.

2. The K-1 filed by the Trust showed a payment of \$816.00 in interest to the estate. You sent a check in the amount of \$1475.97 to the estate. What was the remaining \$659.97? Do I have this confused with the tax debt/credit situation which ran from the Third Accounting?

3. On the Seventh Accounting "Income per 7th Account" is shown as \$5181.71, but I cannot figure that one out either.

I am of the opinion that the estate owes the trust for the second half real estate taxes from September 15, 1991 through December 31, 1991 in the amount of \$1052.35. This is shown on your accounting as disbursed to the heirs. Should this be paid back to the heirs or to the Trust?

I believe that the income received from the savings accounts

from September 15 to the date the various banks made their next payment to the Trust (9/30 and 9/21) should be split on a per diem basis, since the Trust terminated on her death. This will be a small amount of course.

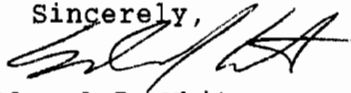

Are there any other debts which your Mother owed the Trust?

I realize that Jo Ann Barnes prepared this and if you authorize it I can ask her to help me out.

Please understand that I have no problem with the Accounting, I m just trying to match things up. In the long run, since the beneficiaries are the same, the matter is academic.

Please send the bill for the appraisal whenever you receive it. Jean is filing the Fairfax form for re-assessment in her capacity as a co-owner in order to give us a better basis to get this assessment changed and to meet the county's deadline. It will state that the appraisal you have ordered will follow. I think this will be to all of your benefit in the long run.

Sincerely,

Edward J. White
